

STUDY ANYWHERE, ANYTIME!

Kaplan Financial Has a Solution for You!

Kaplan virtual class experience is live, internet-delivered exam prep training, ideal for busy professionals who do not have access to a live class. Our interactive virtual classes feature the same engaging Kaplan Financial instructors as our traditional classes.

Key features help candidates pass the exam—the first time!

- **Guided Study Calendar** features recommended daily study activities that follow Kaplan Financial's proven study system.
- **Instructor Chat** precedes each daily class session.
- **Continual learner participation** and interaction is encouraged via feedback tools, including yes/no polls, hand claps, and text chats.
- **AnswerPhoneSM** connects learners to Kaplan Financial's team of subject matter experts for assistance in mastering material.
- **Frequent comprehension checks**, test prep questions, test tips, and assessments give learners the edge in testing skill.
- **Strong graphics** illustrate key concepts for maximum retention.
- **Recorded Playback** allows 45 days of unlimited access to recorded sessions of the class for students who may have missed a class or would like to skip to specific areas for additional review.

Here's What Our Customers Are Saying:

"[With Recorded Playback] I was able to go back over specific areas of the course and really study the material days later as I narrowed down the areas that were giving me trouble. This clearly made the difference in my passing the exam. I will take virtual classes with Kaplan every time they are available from now on."

– Brian S. Jolle, CSA

"The S7 online Virtual Class is user-friendly and convenient. The online icons make it very interactive as well. The instructor is very knowledgeable on the topic and explains the material very well. I would highly recommend this class to industry professionals."

– Jennelyn Jugueta
